Work Experience

DevSamurai, Full-Stack Developer (Frontend-focused) – Ho Chi Minh City

Aug 2025 – Present

PlanCore · 02/2026 – Present

- Sole developer of the **Gantt Chart** module (frontend & backend) from scratch for a large-scale project management application.
- Built a high-performance timeline view handling **5,000+ issues** with drag-and-drop, inline editing, duplication, and multi-level task hierarchy.
- **Tech Stack:** React, TypeScript, RTK Query, shadcn/ui, ForgeSQL, DrizzleORM, Jest

HumanCore · 11/2025 – 02/2026

- Developed **Employee Directory**, **Org Chart/Hierarchy**, and **Job Assignment** features for an HR management app.
- First project with significant backend involvement using the Atlassian Forge platform
- **Tech Stack:** React, Redux Toolkit, Ant Design, TypeScript, ForgeSQL, DrizzleORM

ProductGo · 08 – 11/2025 · Intern

- Extended and stabilized a **Custom Kanban** feature for a User Story Mapping app
- Implemented an interactive **onboarding tour** and configured **Advanced App** monetization on Atlassian Marketplace — first in the company to do so
- **Tech Stack:** React, Redux Saga, Node.js

Education

Bachelor of Software Engineering, University of Science - VNUHCM

2022 – 2026

- GPA: 3.7/4.0

Technical

- **Programming Languages:** TypeScript, JavaScript, HTML, CSS, C++, C#, Java, Python
- **Frameworks & Libraries:** React, Node.js, Next.js, Express, Tailwind CSS, Bootstrap, Redux, Jest
- **APIs & Data:** RESTful APIs, GraphQL
- **Databases & ORM:** PostgreSQL, Microsoft SQL Server, ForgeSQL, Drizzle ORM
- **Tools & Others:** Git, GitHub, Bitbucket, Docker, Postman

Projects

ProLearning – AI-Integrated Study App [🔗](https://prolearning.io.vn/)

Dec 2025 - Present

<https://prolearning.io.vn/> [🔗](#)

- Built a full-stack study platform featuring **AI-generated flashcards, exams, and learning roadmaps** from notes, files, or URLs
- Implemented **spaced repetition** reminders, **Pomodoro timer**, goal tracking, and daily/weekly to-do lists for structured learning workflows
- Designed a hierarchical content system (Sets → Notes / Flashcards / Exams) with AI-assisted content generation at each level
- **Tech Stack:** React, TypeScript, TanStack Query, shadcn/ui, Tailwind CSS, Java, PostgreSQL

Soft Skills

- **TOEIC LR 830/990 & SW 280/400** - strong English reading, writing, and communication skills.
- Leverages AI tools (Claude, ChatGPT, Cursor) to accelerate development workflows and self-directed learning.
- Collaborative, detail-oriented, and experienced working in Agile/Scrum teams.
